Praba Ganesan MP is
suspended from the party
DPF leader Mano Ganesan

Praba Ganesan MP by joining the government has betrayed the party and Tamil people during this trying times. It is a clear act against the principles constantly followed by us for the last ten years since the inception of the party. He has today unsuccessfully attempted to justify his act of betrayal by talking about our party's conflicts with UNP. Our stands in respect of the government and our issues with the UNP after the last general elections are two different subjects. He cannot undo our issues with the UNP by joining the government. It is the party position. MP Praba Ganesan's memberships in the party and our trade union wing DWC have been suspended with immediate effect. Our general secretary and member of Western Provincial Council Dr. Nalliah Kumaraguruparan has already written to Praba Ganesan in this regard said DPF leader Mano Ganesan in a media release issued by the DPF media office. Mano Ganesan who is on a foreign tour is rushing back to the country.
